

The **Land Mobile Radio (LMR) Deployment Kit** is an intelligently designed portable Motorola Solutions APX™ 8500 system.

Motorola Solutions APX™ 8500 all-band p25 mobile radio.

Unlimited Mobility. Maximum Connectivity

The **APX 8500** all-band mobile radio enables first responders to use a single mobile radio to exchange critical voice and data communications seamlessly with multiple agencies and jurisdictions operating on different radio bands. It combines unlimited interoperability, secure Wi-Fi® connectivity and purpose-built design enabling ease of installation and removal.

4-in-1 Radio: 7/800 MHz, VHF and UHF Range 1 and Range 2 bands

Modes and Protocols include: Analog MDC-1200 and QCII, Digital P25, Conventional or Trunked, Smartnet / SmartZone, clear or secure, repeater or direct

Number of Radios: 1

Battery Technology: The batteries are two 12 volt 10 AH (120 Watt hour each) LiFePO4 banks.

Dimensions: 21.96" x 13.97" x 8.98" **Weight:** 36 lbs.

Run Time (estimated): 6-10 hours

Charging: The internal three stage charge controller will accept 14-18 vdc and up to a 60 watt solar panel. The included wall charger will charge the system in approximately three hours. The internal Battery Protection Circuit prevents overcharge, over-discharge, and short circuits. The real-time power analyzer continuously displays the system voltage and amperage draw. The USB driver is independently switched and is 3 amps.
